

PANDA PAW PIANO PROGRAM

A groundbreaking group piano program that integrates music instruction with second language learning with proven results for children age 3-12.

**JANUARY
TO
APRIL
2024**

**JOIN THE
FUN
TODAY!**

We teach preschoolers to play Beethoven on the piano and sing songs in Spanish.

Is your preschooler ready to embark on a musical adventure? We are thrilled to announce that the Panda Paw Preschool Piano Program is now being offered at select schools in DFW 2024.

LITTLE FINGERS
CAN DO BIG
THINGS**

PIANO SHOWCASE LAST DAY!

WHY CHOOSE MUSICOLOGY LAB

Learn to read sheet music, play piano with two hands

Explore Spanish through singing and playing songs

Cultivate cognitive skills and creativity

Global perspective through languages

12 WEEK INTRO COURSE

PLAY BEETHOVEN ON THE PIANO:

Our specialized curriculum is designed to introduce your child to the magical world of music through the timeless compositions of Beethoven, Bach and Mozart and classic nursery rhymes. Your little one will learn to create beautiful melodies on the piano while building essential cognitive and motor skills.

EXPLORE LANGUAGES:

We believe in fostering a global perspective. In addition to piano skills, our program encourages language exploration. Your child will have the unique opportunity to sing songs in Spanish, expanding their linguistic horizons while having fun learning to play piano with 2 hands!

INTERNATIONAL IMPACT:

Our program has already had a global impact, growing in 5 preschools in Dubai and the waitlist is growing for select schools in the Dallas area.

"Musicology Lab's Preschool Piano Program is the world's premier provider of music-based language education for children 18 months thru age 12. With a pioneering approach, their mission is to harness the undeniable power of music to accelerate a child's journey into learning a second language."
